Paradigm members are focused on outperforming the market in top line sales, profit margins, forecasting efficiency, and client experience. Founded in 2015, Paradigm member companies jointly focus on continuous improvement. The Rev, our exclusive software platform, is the foodservice industry's most complete sales performance, strategic planning, and forecasting system. Through the EOS management platform, each Paradigm member company is provided the structure and tools needed to define its vision, measure performance, tackle issues, and grow its people. We bring together Innovation and Systems to consistently outperform the market.
