April 10th, 2025

To Our Valued Metro Customers,

Effective May 12th, 2025, Metro will implement a price increase across various product categories. The increases are as follows:

- **Storage, Handling, and Specialty Products Category:** Average 7.5%
 - *MetroMax Q & MetroMax 4 Shelving, MetroMax Polymer Posts, & MetroMax Drying Racks:* No Increase
 - *TableWorx:* Average 5%
- **Thermal Category (Heated Cabinets):** Average 3%
 - *C5 3 Series, E Series, & MightyLite:* No Increase
- *Note: Some specialty items may vary from the above increases*

Orders received by May 9th and shipped by May 30th (or within the quoted lead time for made-to-order items) will be honored at pre-increase pricing. New orders with requested delivery dates after May 30th will be subject to the new pricing. All existing backlog orders that ship by August 29th, 2025, will be honored at current prices.

Continued inflationary pressures in materials, labor, and freight, along with tariff uncertainties, have necessitated this action. We are diligently working to streamline our supply chain and leverage our robust manufacturing capabilities to manage costs and pricing. Significant efforts have been made to limit these increases. We have also made the accommodation to extend the implementation date beyond the original 60 day notification that was sent in early February from both Metro and Welbilt to allow for a 90 day notification period.

An electronic price file reflecting the changes to our current standard product offering is available herein. We will continually monitor, evaluate, and work to mitigate inflationary pressures to adjust our pricing and programs to the realities of our markets.

Respectfully,

A handwritten signature in black ink, appearing to read "May Le". The signature is fluid and cursive, with a large initial "M" and a stylized "L".
