Price Increase Notification: **Merrychef**

The recent introduction of the US Government's tariffs on imported products across the board is having an adverse impact on our products. Per the previously sent letter in February, we have been analyzing the full impact across our brand of these tariffs. We will continue to focus on ways to mitigate these effects but unfortunately at this time, it is necessary for us to increase the price of our products by 8.6% effective June 1, 2025.

Any orders received prior to June 1st for immediate shipment will be honored at current pricing. Orders received with a specified ship date after June 13th will be subject to the June 1st price increase. In addition, any products with extended lead times or not in stock will be subject to the June 1st price increase.

We have attached a new price list for your reference and will be updating AutoQuotes for implementation on June 1st.

We remain committed to finding ways to reduce the overall impacts to you while continuing to deliver the best products in the market. We want to thank you for your partnership and ongoing support.

Thanks

Garamy Whitmore
